

hello_world::devices
::servo::Servo::angle2Cmp

```
graph LR; A["hello_world::devices  
::servo::Servo::angle2Cmp"] --> B["hello_world::Bound"]
```

A diagram showing a function call. On the left, a gray rectangular box contains the text "hello_world::devices" on the first line and "::servo::Servo::angle2Cmp" on the second line. A blue arrow points from the right side of this box to the right side of a white rectangular box on the right. The white box contains the text "hello_world::Bound".

hello_world::Bound
