

hello\_world::MemMang

```
graph BT; A["hello_world::algorithms<br>::controller::pid::PidList"] --> B["hello_world::MemMang"]
```

The diagram consists of two rectangular boxes. The top box is white with a black border and contains the text 'hello\_world::MemMang'. The bottom box is gray with a black border and contains the text 'hello\_world::algorithms' on the first line and '::controller::pid::PidList' on the second line. A blue arrow points vertically from the top center of the bottom box to the bottom center of the top box, indicating a dependency or relationship from the bottom module to the top module.

hello\_world::algorithms  
::controller::pid::PidList
